

Staff

Staff includes Certified Orientation & Mobility

Specialists, Teachers of the Visually Impaired,

Certified Low Vision Specialist, certified teachers, retired educators and adults with visual impairment in successful careers.

Specialized support for outdoor skills is provided by the Wyoming Game and Fish Department and staff from the Wyoming Institute for Disabilities at the University of Wyoming.

Camp cooks prepare nutritious & delicious meals throughout the week, exposing students to a variety of foods & cooking opportunities in a fun & inviting atmosphere.

Interns are between the ages of 14-18 and help both in the kitchen and as instructional assistants, providing excellent role models to the younger students. Older campers may return, upon staff approval, as Interns .

Allen H. Stewart Lion's Camp

A Wyoming Lion's
Project

Summer School for the Blind and Visually Impaired

Overview of the Camp

Allen H. Stewart Lion's Camp was founded in 1922 and the Summer School began in 1946. The Summer School features a camp atmosphere for visually impaired students, ages 9 –18, with classes during the day and recreation and social activities each evening.

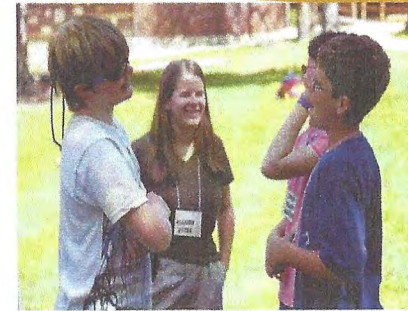

Nestled in the trees of Casper Mountain at 8,000 ft. elevation, the camp provides both a beautiful outdoor setting as well as the opportunity to advance educational, recreational & career skills for students based on the **Expanded Core Curriculum for Blind and Visually Impaired Students, Including those with Additional Disabilities**, as approved by the National Agenda Steering Committee, Revised November, 2007.

Expanded Core Curriculum (ECC)

- *Orientation and Mobility
- *Social Interaction
- *Independent Living
- *Compensatory/Access Skills
- *Recreation & Leisure, including outdoor skills
- *Career Education
- *Assistive Technology
- *Visual Efficiency
- *Self-Determination

ECC is addressed throughout the week during daily classes, recreational activities, meal and free times, and the social/personal management skills required in this dorm-style living environment.

Students choose from a variety of classes which include: Orientation & Mobility, braille, crafts, pottery, lapidary, music, adaptive P.E., woodworking, cooking, daily living skills, self-advocacy, career exploration, robotics, assistive technology and adaptive recreational opportunities

such as archery.

Family & friends are invited to the BBQ & Talent Show hosted by the students on Friday night.
